# Key Terms to Know

## Annual Maximum

Total dollar amount a plan pays during a calendar year toward the covered expenses of each person enrolled.

## Out-of-Pocket Maximum

The maximum amount of coinsurance a Plan member must pay towards covered medical expenses in a calendar year for both network and non-network services. Once you meet this out-of-pocket maximum, the Plan pays the entire coinsurance amount for covered services for the remainder of the calendar year. Deductible and copays apply to the annual out-of-pocket maximum.

## Coinsurance

A percentage of the medical costs, based on the allowed amount, you must pay for certain services after you meet your annual deductible.

## Copayment

A set dollar amount you pay for network doctors' office visits, emergency room services and prescription drugs.

## Deductible

Total dollar amount, based on the allowed amount, you must pay out-of-pocket for covered medical expenses each calendar year before the plan pays for most services. The deductible does not apply to network preventive care if any services where you pay a copayment rather than coinsurance. Some of your dental options also have an annual deductible, generally for basic and major dental care services.

## Brand Formulary Drugs

## Non-Formulary Drugs

These drugs are not on the recommended formulary list. These drugs are usually more expensive than drugs found on the formulary. You may purchase brand-name medications that do not appear on the recommended list, but at a significantly higher out-of-pocket cost.

## Specialty Drugs

## WHERE TO GO WHEN YOU NEED CARE

It can be hard to know where to go for medical care – especially in the heat of the moment. But, not every situation calls for a trip to the emergency room.

### Telemedicine is a great first option

When you need care (and it isn't a true emergency like one of the conditions listed below), call Teladoc. Their doctors can advise you on what to do next. They may even be able to help you resolve or stabilize the situation right there on the spot.

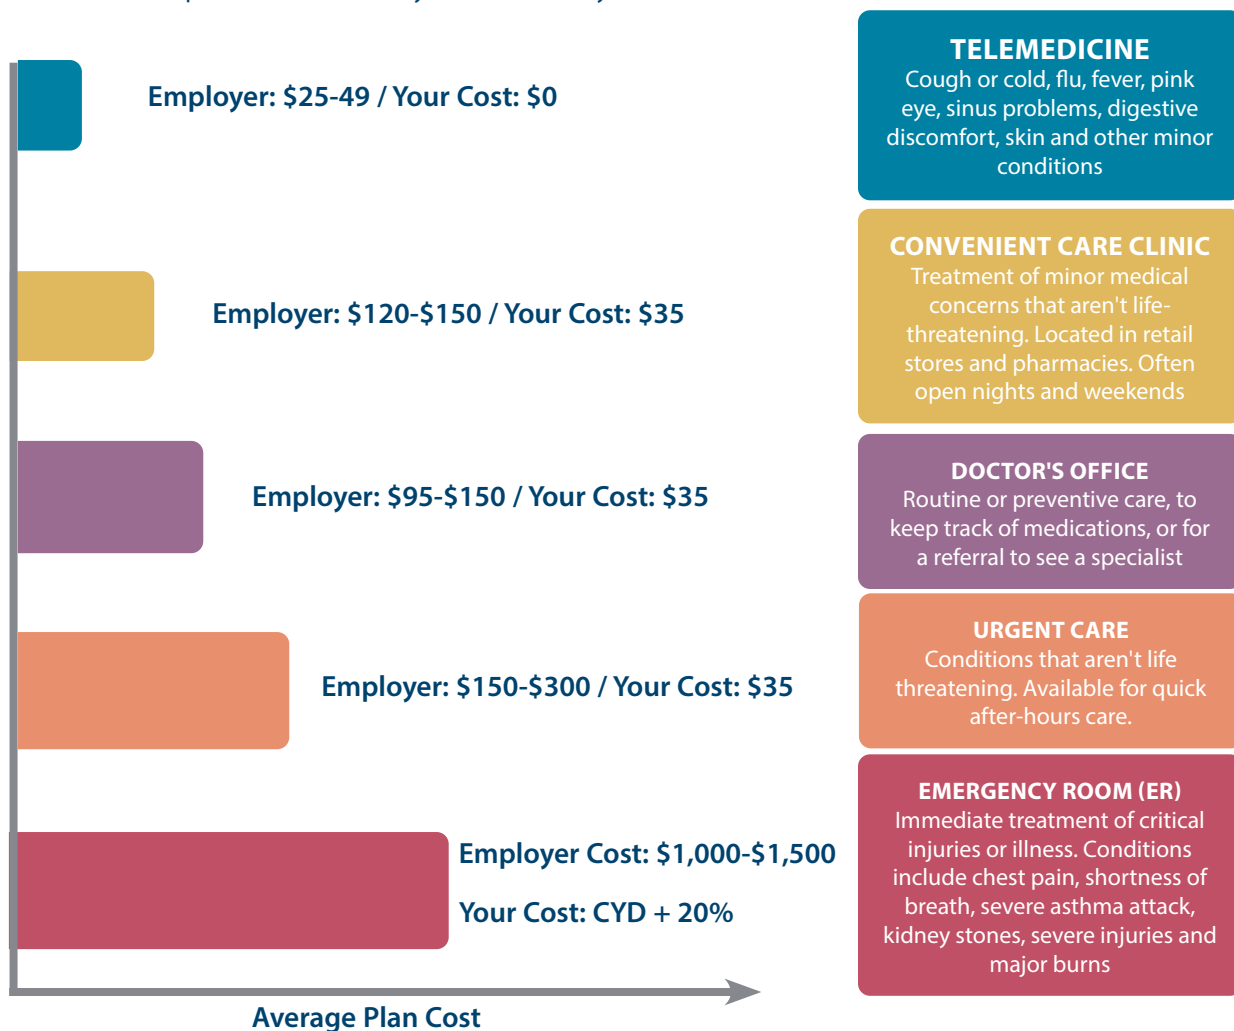

### Nobody knows you better than your physician

Your physician has access to your records, knows the bigger picture of your health and may even offer same-day appointments to meet your needs.

When seeing your physician isn't possible, however, it's important to know your options for care that fits your specific needs or situation.

### Understanding Your Cost

Your visit to the doctor will generate an electronic medical claim to Florida Blue. Florida Blue processes the doctor's claim and then bills the County Insurance Fund. It is important to keep the self-funded medical plan costs low as that affects premium increases in the future. Asking your doctor questions can help you decide which treatment plan is best for both your health and your wallet.

# Reimbursement Accounts

St. Johns County offers three (3) Reimbursement Spending Accounts available on one convenient debit card, administered by Medcom.

## HEALTH REIMBURSEMENT ACCOUNT (HRA) - FUNDED BY ST. JOHNS COUNTY

An HRA is a great way to pay for covered medical, prescription, dental and vision expenses through the plan year. If you elect the PPO with HRA you will receive an HRA for you to use to pay for health care expenses. The account is completely funded by St. Johns County.

## HEALTH CARE FLEXIBLE SPENDING ACCOUNT (FSA)

An FSA, which must be elected annually, allows you to set money aside into an account to pay for certain types of out-of-pocket medical expenses. The money you allocate is pre-tax. Federal, State and FICA taxes are not taken out on the amount you contribute.

You can use a Health Reimbursement and Health Care FSA for:

- Copays
- Calendar Year Deductible (CYD)
- Dental and Vision Expenses
- Prescription Drugs
- For a complete list of eligible expenses, visit [medcom.wealthcareportal.com](https://medcom.wealthcareportal.com)

The Cares Act allows over the counter items to be offered on a pre-tax basis. Some examples are:

- Cough, cold and allergy medicines
- Pain relievers
- Menstrual

## HEALTH REIMBURSEMENT ACCOUNT (HRA)

A Health Reimbursement Account (HRA) is an employer-funded account that is designed to reimburse you for qualified medical expenses that are paid for out-of-pocket. All employees who elect the PPO with HRA are automatically enrolled in an HRA.

### Benefits of an HRA

- Our HRA is paired with the PPO with HRA medical plan, which has a higher deductible and lower premiums, meaning less money is deducted from your paycheck
- You can use your HRA to pay for qualified medical, prescription, dental, and vision expenses for yourself and your dependents enrolled on the health plan
- The account is completely funded by St. Johns County

### Who administers our HRA

- The HRA is administered by Medcom
- You will receive a Debit Card in the mail to pay for eligible expenses

### How our health reimbursement works

- The total amount of your account is available January 1
- If you are a new employee with benefits starting after January 1, or your benefits change mid-year due to a qualifying life event, this amount will be prorated
- Swipe your Medcom Master Card at any healthcare provider's office that accepts credit or debit cards
- The HRA dollars must be used prior to the end of each plan year on December 31
- HRA funds do not rollover at the end of each plan year
- If you have a Health Care Flexible Spending Account (FSA), your FSA funds must be used prior to your HRA funds

HEALTH REIMBURSEMENT ACCOUNT (HRA) TIERS	
Employee Only	\$600
Employee + Spouse	\$1,000
Employee + Children	\$1,000
Employee + Family	\$1,500

Note: Annual contribution; prorated for new hires and life events

## FLEXIBLE SPENDING ACCOUNTS (FSAs)

St. Johns County offers the choice of two Flexible Spending Accounts (FSAs) administered by Medcom, which allow you to pay for eligible expenses with pre-tax dollars.

### Health Care FSA

Health Care FSAs may be used to pay for eligible medical, prescription, dental and vision expenses not fully covered by your insurance plans for you and your tax eligible dependents. We allow participants to carry over a minimum of \$75 and up to \$640 in unused money at the end of the plan year to be used to reimburse expenses incurred in the next year. Any amount in excess of \$640 will be forfeited, so plan accordingly.

### Dependent Care FSA

Dependent Care FSAs may be used to pay for eligible expenses related to the care and supervision of your child (to age 13) or adult dependent on your tax return. Eligible expenses include child or adult day care, after school care, nursery school, nanny or baby sitter. You must accumulate the funds in your Dependent Care FSA before you can be reimbursed.

A full list of qualified expenses can be found in IRS Publication 502, at [www.irs.gov/pub/irs-pdf/p502.pdf](http://www.irs.gov/pub/irs-pdf/p502.pdf).

	ANNUAL IRS CONTRIBUTION LIMITS	
	MINIMUM	MAXIMUM
<b>Health Care FSA</b>	\$75	\$3,200
<b>Dependent Care FSA</b>	\$75	\$5,000 maximum for a married couple filing jointly or for a single person \$2,500 for a married couple filing separately

#### IMPORTANT TO KNOW

### Auto-Substantiation for HRA and FSA

Follow these easy steps to eliminate the need to upload receipts for healthcare expenses.

- **Step 1:** Gather your Florida Blue member portal login credentials for you and any dependents over 18. You may have to first register for a Florida Blue account by visiting [floridablue.com](http://floridablue.com). For dental claims, register through Humana by visiting [humana.com](http://humana.com).
- **Step 2:** Login to the Medcom participant portal at [medcom.wealthcareportal.com](http://medcom.wealthcareportal.com). Click *Connect Your Plans*.
- **Step 3:** Choose Florida Blue in the carrier drop-down menu and enter you and your dependents' Florida Blue credentials. Choose Humana in the carrier drop-down menu for dental claims. You will receive a Multi Factor Authentication code when you initially register with Humana. Enter that code into the Medcom portal.

Medcom will take care of the rest! Every time Florida Blue or Humana issues a health statement, Medcom will automatically retrieve this information, match it to your card swipes, and substantiate your claims.

Note: The connection will not be validated if your Florida Blue login credentials are not valid.

Substantiation is typically not required for CVS/RX because most vendors are able to auto-substantiate at point of sale.

## IMPORTANT TO KNOW

### Why disability coverage is important

We understand that for most of us our income is the most important financial resource. To be without income for an extended period of time would most likely be devastating for you and your family. Since Disability Insurance supplements your lost income, it is commonly referred to as Income Replacement Insurance.

**Short-Term Disability** is designed to provide income replacement for up to 6 months. Your employer offers the option to purchase Short-Term Disability.

**Long-Term Disability** is designed to provide income replacement anywhere from 2 years or until age 65, depending on your policy's provisions. Your employer provides Long-Term Disability at no cost to you.

# Supplemental Benefits

Supplemental plans are offered through **Colonial** for benefit eligible employees to enroll on a pre-tax basis, and are also portable benefits. These voluntary benefits help employees with copays, deductibles and lost wages when sick or hurt.

## TERM LIFE

Tailor coverage for your individual needs and help provide financial security for your family members. As your needs change over time, you can update your coverage to best fit life changes, such as: getting married, buying a home or having a child. There are also coverage options for your spouse and children. You can't predict your family's future, but with life insurance, you can be better prepared for it.

## SHORT TERM DISABILITY

Choose the amount of your disability benefits, subject to income. You can use these benefits to help cover: rent or mortgage payments, utilities, groceries, travel expenses, credit card bills and other everyday living expenses. You're paid regardless of an insurance you may have with other companies.

- To enroll in Colonial Supplemental Benefits, please contact Scott Hughes at 904.728.8303 or email [scott.hughes@coloniallife.com](mailto:scott.hughes@coloniallife.com).

## CANCER

If you were diagnosed with cancer, would you be able to cover rising treatment costs? Medical insurance is a great help, but there can be numerous expenses that your health plan doesn't cover, such as out-of-network treatments, home health care needs and experimental treatments. Colonial's coverage provides benefits you can use to help with **loss of income**, **child care**, lodging and meals, deductibles and co-pays.

## HOSPITAL CONFINEMENT INDEMNITY

If you have a hospital stay, it's important to focus on your recovery – not your finances. Our hospital confinement indemnity insurance provides a lump-sum benefit to help offset the costs that aren't covered by most major medical plans. With this added financial protection, you may be eligible for benefits to help you cover expenses associated with **outpatient surgery**, diagnostic tests, doctor appointments and emergency room trips.

## ACCIDENT

This plan provides benefits for initial care and treatment, in addition to the follow-up care you may need. **Family coverage** is available for your spouse and children. Your benefits are paid directly to you, unless you specify otherwise. You are covered worldwide. This plan is portable; you can take it with you if you change jobs or retire. You are paid benefits regardless of any other insurance you may have.

The money contributed is directed into an investment company offered by St. Johns County. Federal tax law limits the amount of annual contribution.

## Benefits to participating in our 457(b) plan

- It's an investment in your future. Thanks to the power of compounding, you have the ability to make money on your money and grow your savings.
- It's flexible. You may suspend payments and restart them at a later date. You're never locked into a fixed contribution schedule.

It helps reduce your taxable income since contributions to your 457(b) are made on a pre-tax basis.

Automatic payroll deductions help you make saving for your retirement a habit.

Any money you put into the plan is yours to keep—even if you change jobs.

### IMPORTANT TO KNOW

## Consolidate Retirement Accounts

You may consolidate retirement accounts from previous employers and roll Individual Retirement Account (IRA) funds to your current employer's plan. Please check with previous providers to see if any fees apply.
