2025 Benefits

The terms and provisions will govern you and restrictions of the plans in which you enroll. As prohibited by the rules of the plan, falsifying dependent information or documentation, certifying ineligible persons as eligible, enrolling ineligible persons in coverage, falsifying the occurrence of life events or life event documentation, and failing to remove dependents from coverage within 30 days of when they lose eligibility, will be treated as fraud or misrepresentation. Such acts will require you to reimburse the plan for any claims incurred. Legal and disciplinary action may be taken. Generally, unless you experience a qualifying life event, your elections will remain in acct. for the entire plan year. By completing your enrollment you authorize St. Johns County Sheriff's Office to deduct contributions from your paycheck, now and in the future, as required under each of the plans. Benefits to Support Your Life Journey

2025 Rate Notice to Employees

Great News! Medical Rates will not increase in 2025! This will be the third consecutive year with no rate increase. This stability in costs can be beneficial, as it helps in financial planning and eases the burden of healthcare expenses. While enjoying current rates, it's also wise to prepare for potential future increases and consider ways to maintain health care affordability. Here are some strategies that employees can use to help manage their healthcare costs:

- 1. Understand Your Benefits:** Take the time to thoroughly understand the healthcare benefits offered by St. Johns County including what is covered, what is not, and how best to use the benefits available to you.
- 2. Use In-Network Providers:** Staying within the Florida Blue, Blue Options Network can significantly reduce costs, as in-network providers have agreed upon discounted rates.
- 3. Avoid Emergency Room for Non-Urgent Services:** Emergency room visits are more expensive than visits to a primary care physician or urgent care clinic, especially for conditions that are not true emergencies. This can lead to high out-of-pocket costs for you and the health plan.
- 4. Preventive Care:** Utilize preventive services that are covered at 100% by both plans. Regular check-ups and screenings can help catch health issues early, potentially avoiding expensive treatments later.
- 5. Generic Drugs:** Opt for generic drugs over brand-name ones when possible as generics are typically much less expensive.
- 6. Compare Costs:** For planned medical procedures, compare costs at different facilities. Florida Blue does provide a comparison tool on the employee portal to help estimate the cost of procedures and tests at various providers.
- 7. Utilize Telemedicine:** Take advantage of Teladoc services as they are more affordable and convenient alternate to in-person visits for non-emergency issues. St. Johns County provides General Medicine, Dermatology and Behavioral Health Teladoc services.
- 8. Review Medical Bills:** Always review your medical bills and explanation of benefits (EOBs) for errors. Billing mistakes can be costly, and it's important to ensure you're only paying for services you receive.
- 9. Healthy Lifestyle:** Adopting a healthy lifestyle by eating well, exercising, and avoiding tobacco can lower the risk of chronic diseases and associated healthcare costs.
- 10. Education:** Stay informed about health conditions and treatment options. Being educated can lead to more productive discussions with healthcare providers and better decision-making.

If you need further information or assistance with understanding your healthcare plan options, please contact Risk Management.

Health Reimbursement Account (HRA)

A Health Reimbursement Account (HRA) is an employer-funded account that is designed to use on qualified out-of-pocket medical, prescription, dental and vision expenses. All employees who elect the PPO with HRA are automatically enrolled in an HRA.

Benefits of an HRA

- Our HRA is paired with the PPO with HRA medical plan, which has a higher deductible and lower premiums, meaning less money is deducted from your paycheck
- The account is completely funded by St. Johns County

Who administers our HRA

- The HRA is administered by Medcom
- You will receive a Medcom Benefits Card in the mail to pay for eligible expenses

How our health reimbursement works

- The total amount of your account is available January 1
- If you are a new employee with benefits starting after January 1, or your benefits change mid-year due to a qualifying life event, this amount will be prorated
- Swipe your Medcom Master Card at any healthcare provider's office that accepts credit or debit cards
- The HRA dollars must be used prior to the end of each plan year on December 31
- HRA funds do not rollover at the end of each plan year
- If you have a Health Care Flexible Spending Account (FSA), your FSA funds must be used prior to your HRA funds

IMPORTANT TO KNOW

Auto-Substantiation for FSA and HRA

Follow these easy steps to eliminate the need to upload receipts for healthcare expenses.

- **Step 1:** Gather your Florida Blue member portal login credentials for you and any dependents over 18. You may have to first register for a Florida Blue account by visiting floridablue.com. For dental claims, register through Humana by visiting humana.com.
- **Step 2:** Login to the Medcom participant portal at medcom.wealthcareportal.com. Click *Connect Your Plans*.
- **Step 3:** Choose Florida Blue in the carrier drop-down menu and enter you and your dependents' Florida Blue credentials. Choose Humana in the carrier drop-down menu for dental claims. You will receive a Multi Factor Authentication code when you initially register with Humana. Enter that code into the Medcom portal.

Every time Florida Blue or Humana issues a health statement, Medcom will automatically retrieve this information, match it to your card swipes, and substantiate your claims.

Note: The connection will not be validated if your Florida Blue login credentials are not valid. Substantiation is typically not required for prescription because most vendors are able to auto-substantiate at point of sale.

Flexible Spending Accounts (FSAs) (DCAs)

St. Johns County Sheriff's Office offers the choice of two Flexible Spending Accounts (FSAs) administered by Medcom, which allow you to pay for eligible expenses with pre-tax dollars.

DEPENDENT CARE FSA

Dependent Care FSAs may be used to pay for eligible expenses related to the care and supervision of your child (to age 13) or adult dependent on your tax return. Funds cannot be used until deducted from Dependent Care Account.

What can the DCA be used for?

- Daycare for children under the age of 13
- Before and after school programs
- Babysitting in your home by someone who is not your dependent
- Care for a dependent adult (eldercare)
- Nanny, nursery school, or pre-school expenses

Where To Go When You Need Care

It can be hard to know where to go for medical care – especially in the heat of the moment. But, not every situation calls for a trip to the emergency room.

Telemedicine is a great first option

When you need care (and it isn't a true emergency like one of the conditions listed below), call Teladoc. Their doctors can advise you on what to do next. They may even be able to help you resolve or stabilize the situation right there on the spot.

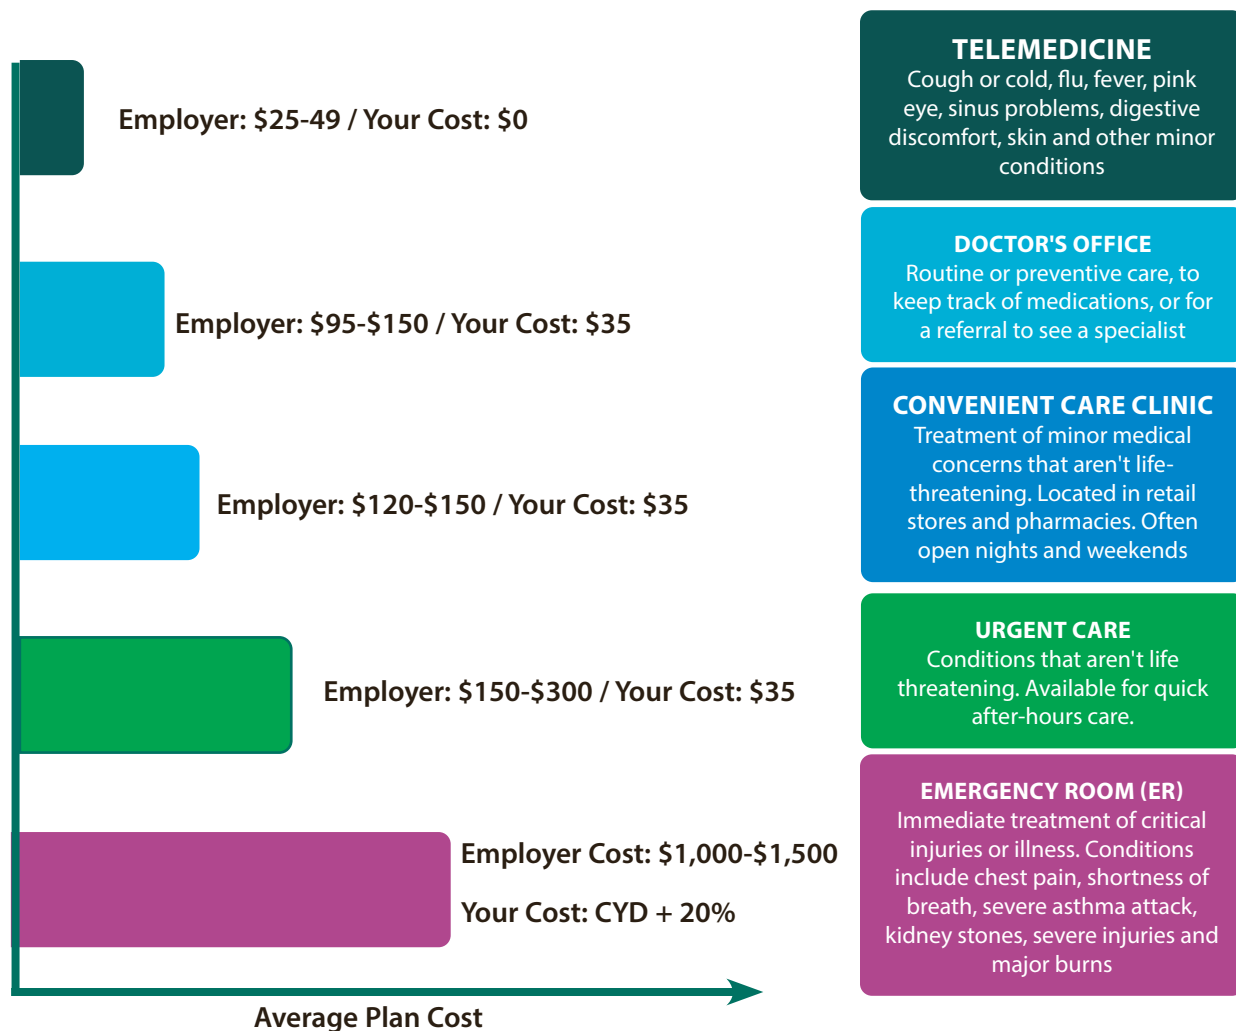

Nobody knows you better than your physician

Your physician has access to your records, knows the bigger picture of your health and may even offer same-day appointments to meet your needs.

When seeing your physician isn't possible, it's important to know your options for care that fits your specific needs or situation.

Understanding Your Cost

Your visit to the doctor will generate an electronic medical claim to Florida Blue. Florida Blue processes the doctor's claim and then bills the County Insurance Fund. It is important to keep the self-funded medical plan costs low as that affects premium increases in the future. Asking your doctor questions can help you decide which treatment plan is best for both your health and your wallet.

Basic Life and AD&D

We provide Basic Life and Accidental Death and Dismemberment (AD&D) coverage at no cost to you, through **The Standard**. Benefits are also provided to your eligible Spouse and Dependent(s) enrolled on the health policy.

BASIC LIFE INSURANCE COVERAGE AMOUNTS	
All Eligible Employees	1x annual salary with a minimum of \$75,000, up to a maximum of \$350,000.
Eligible Spouse if dependent on health policy	\$5,000
Eligible Child(ren) if dependent on health policy	\$2,000

Note: Your amount of basic and voluntary life insurance will reduce to 65% when you reach age 65, 50% when you reach age 70, and 35% when you reach age 75. Imputed income may apply.

CONVERSION AND PORTABILITY

- If your employment ends, you may elect to convert your term life insurance to whole life insurance or simply take your term life insurance policy with you. You must contact The Standard within 31 days of your last day at work in order to be eligible for either of these options.
- If you should become terminally ill with 12 months or less to live, you can apply to receive up to 75% of your current life insurance amount as a one-time lump sum. Any amount received will then reduce the amount of death benefit paid out.

ADDITIONAL ACCIDENTAL IN-LINE-OF-DUTY DEATH INSURANCE

- Florida Deputy Sheriff's Association- The Sheriff's Office provides accidental death/dismemberment coverage for full time employees. Coverage includes a benefit of one year's salary (not to exceed \$150,000) for accidental death/ dismemberment and may also include benefits for education.
- Florida Statutes 112.19- The Sheriff's Office provides in line of duty coverage for accidental death/ dismemberment. See statute for current benefit amounts.
- Federal Public Safety Officer's Benefit Act (PSOB)- In line of duty benefit, see www.psob.gov for current benefit amount.
- You may update your beneficiary information on [PlanSource](#)

NAME AND CHANGE YOUR BENEFICIARIES

It is important to designate a primary and contingent beneficiary. The following coverages allow a beneficiary to be named: Basic life, Voluntary life, Critical Illness, Accident, Hospital Indemnity, additional Accidental Death Benefits, FRS Investment and FRS Pension Plan. You can name one or more people, the trustee of a trust you've set up, a charity, or an estate. The allocation of the funds must equal 100%. You can name or change your beneficiaries at any time by logging into [PlanSource](#)

Voluntary Life

Voluntary Life insurance is available to employees as well as dependents on an optional basis and is provided through The Standard. Employees must elect Voluntary Life Insurance for themselves in order to elect either Spouse and/ or Child Voluntary Life. Additional life insurance costs are available on PlanSource. Imputed income may apply.

Deferred Compensation

Lincoln Financial Group | 800.234.3500 | lfg.com

Helps reduce your taxable income since contributions to your 457 Traditional is pre-tax.

Automatic payroll deductions help you make saving for your retirement a habit.

Any money you put into the plans is yours to keep-even if you change jobs.

The St. Johns County Sheriff's Office Deferred Compensation Plan is closely monitored by professionals to ensure cost efficient investment options that are in the best interest of our employees. Our Plan provide employees an opportunity to save more and generate additional income in retirement. All full time and part time employees are able to participate.

What is a Traditional 457?

The 457 plan is an IRS-sanctioned, tax-advantaged employee retirement plan. This plan is offered only to public service employees.

What is a Roth 457?

Designated Roth Contributions are a contribution type that allows participants to put aside after-tax dollars for retirement. Because Roth Contributions have already been taxed, unlike Pre-tax Contributions, distributions of Roth Contributions are not taxable, and any investment earnings can be withdrawn tax-free if requirements are met.

What is the difference between a Traditional 457 or Roth 457?

The main difference is that traditional Pre-tax Contributions are deferred from a participant's pay on a Pre-tax basis while Roth Contributions are made on an after-tax basis. Pre-tax Contributions (and earnings) are taxable to the participant upon distribution from the plan while Roth Contributions (and earnings) are not taxable if the distribution is a Qualified Distribution.

Florida Retirement System (FRS)

St. Johns County is an FRS participating employer. Employees may choose one of two retirement plan options, the FRS Pension Plan, or the FRS Investment Plan. Both plans include employer and mandatory employee contributions.

FLORIDA PENSION PLAN (FPP)

The FPP is known as a Defined Benefit plan, which is an employer-sponsored retirement plan under which members are promised a lifetime benefit at retirement if they meet certain age and/or service requirements. The benefit amount is based on the member's earnings, length of service, and service accrual value. Promised benefits are pre-funded by contributions made by the employer, employee, or both, plus investment earnings. All promised benefits to current and future retirees and other eligible beneficiaries are guaranteed under the plan. Members who participate in the FPP are eligible to join the Deferred Retirement Option Program or DROP, which is an elective program available for eligible members of the FRS Pension Plan, TRS, and SCOERS who are eligible for normal retirement. Under this program, a member effectively retires and continues covered employment for up to eight years. While in DROP, the member's monthly retirement benefits accumulate, earning interest and annual cost-of-living adjustments. When the DROP period concludes, the participant terminates covered employment and begins receiving a predetermined monthly retirement benefit, as well as the accrued DROP benefit.

FLORIDA INVESTMENT PLAN (FIP)

The FIP is known as a Defined Contribution Plan - which is an employer-sponsored retirement plan under which contributions are made by the employer and the employee to individual member accounts to generate funds for future distribution to the member. The benefit amount is the sum that accumulates in the member's account, based on contributions made, plus investment earnings, less fees and expenses. Members may have to meet certain age and/or service requirements to receive account accumulations. It is the responsibility of the member (employee) to ensure, through investment, that sufficient moneys are raised to provide adequate income in retirement.
